

CD furniture

Solid solutions in Canadian wood furniture!

22nd Edition

our guarantee

We guarantee that our furniture will have gaps and cracks, but will not fall apart for as long as you own it!

Shipping charges for replacement parts are included during your first year of ownership.

Foam, fabric and mechanisms (non-wood parts) are guaranteed against faulty workmanship for a period of one year from the date of delivery. As most mills do not guarantee their fabric we will not be held responsible for wear or fading of our products' fabric.

This guarantee is limited to the original purchaser & also limited to furniture used indoors under normal residential conditions only. Your invoice is your proof of purchase. See your retailer for further details & commercial warranty terms.

our furniture

CD Furniture carries on a tradition of producing quality Canadian furniture at our factory since 1909!

CD Furniture has clean, simple lines that never go out of style, with a solid, hand-crafted look and feel. Sizes are designed to make it easy for you to maximize your space.

Our quality construction begins with the finest kiln-dried Southern Yellow Pine. Quality control checks are made at each step of the manufacturing process and every piece gets a final inspection before shipment.

Veneered panels are used on doors and most tops, for easier cleaning and greater stability.

Most furniture parts are available from the factory in case of loss or damage. This is furniture you never throw out!

our environment

We take our environmental responsibilities seriously, which is why:

We only use plantation grown and harvested wood. Southern Yellow Pine forests are some of the most productive and sustainable timberlands in the world and it is an abundant and renewable resource.

The furniture is blanket wrapped for shipping whenever possible instead of using disposable packaging.

Waste generated is recycled where possible (wood chips and sawdust for animal bedding, wood scraps for fuel) and when not feasible is disposed of in a responsible manner.

Quality and durability mean a very long product lifecycle (lifetime!) which minimizes the impact and footprint of your purchase on the environment.

ordering your furniture

Sizes

Measure your space to help you find the right size of furniture. We provide dimensions for our furniture, in inches and measured at the largest points (measurements are approximate).

Finish

Choose the finish to suit your décor. Our Classic finish is a durable penetrating oil made to be forgiving and easy to care for. Premium finishes offer the latest designer colours with a touch of sheen. Lacquer can be added to the top only of select models for extra protection. Or your CD Furniture can be ordered unfinished for you to personalize it.

Fabric

CD Furniture offers you a variety of fabrics to complete your upholstered models to meet your needs and coordinate with your décor. Use the QR code to view the selection.

Locations

Use the QR code to find your nearest retailer.

All sizes (shown in inches) in this catalogue are approximate and are measured at the widest point.
All beds in the catalogue are shown with an 8" thick mattress.
Foundations are not required on CD beds or bunk beds.

WildRoots and HarvestRoots Showcasing the wildest elements of solid wood.

WildRoots and HarvestRoots furniture is not for everyone. You must appreciate wood at it's rawest. The character that knots, sometimes black, sometimes open, add, and the shadow lines created by cracks and open checks - almost the look of barnboard.

Options

As well as the standard furniture models shown in this catalogue and online, for bulk or commercial applications furniture can have options added and modifications made to suit specific needs or to solve problems. Some examples are shown below. Inquire if you don't see the solution to your furnishing challenge!

- Waterproof fabrics
- Secured cushions
- Tamper-proof zippers
- Pica resistant designs
- Non-removable drawers

- Locking doors & drawers (master keys available)
- Non-breakable mirrors
- PlexiGlass or Lexan components
- Locking casters

- Knock-down installation
- Replacement components

This is furniture you never have to throw away!

TV Unit
5006Z
48w•17d•72h

Includes locking PlexiGlass door for security.

A lock can be added to most doors or drawers. Keys can be identical between locks for convenience or unique for privacy between users. A master key can be provided for staff or management.

For ease of housekeeping or for security the space under beds can be closed in.

Standard steel bed frames are adjustable from twin to full. Heavy duty frames adjust from twin to queen. Both require a foundation to place the mattress on.

Foundations are only necessary when using a steel bed frame. Covered with moisture proof vinyl. Twin, full & queen sizes available. A full size foundation is shown on a steel frame.

HealthCare vinyl mattresses are fluid proof. The foam core is lightweight for easy housekeeping but extremely durable. Replacement, zippered covers are also available to prolong the life of your investment. See back cover.

Replacement upholstered components are available for all models. Furniture is never "out-of-service". New fabric is easy to install, in minutes!

Whether for worry-free residential use or for incontinence issues, waterproof fabrics are available in stylish patterns or just plain tough weaves.

For severe duty applications furniture can be further reinforced in what ever way is necessary to withstand your challenges. Shown above is a reinforced chair base.

Institutional, Commercial & Contract

CD Furniture is designed to withstand demanding commercial and institutional environments where communal use and challenging behaviours mean that conventional furniture is neither cost effective nor suitable, because it lacks the durability and safety features required. Moreover we offer a residential style so both caregivers and residents feel at home.

Clients include many prestigious private boarding schools, public schools, colleges and universities, camps, residential and daycare centres for children and adults with learning difficulties, children's homes, respite care, detox/rehab facilities and any continuous use environment you can imagine.

Solid solutions in Canadian wood furniture!

Mattresses

HealthCare Severe foam mattresses are the ultimate in durability. Features waterproof hospital quality (PVC free) medical fabric cover and supportive foam core. The foam is 1.8 pound density non-allergenic polyurethane foam, providing a medium firm sleep surface.

HealthCare mattresses fit in Trundle Drawers.

HealthCare Severe

The HealthCare cover is a washable hospital-grade material that will protect your investment and stay supple and comfortable for years.

HealthCare mattresses are 7" thick.
