

6045 Desk Return

Contents:

- A. 6045 Desk Return
- B. 6100, 6200 or 6300 Series Desk
- C. Attachment Block
- D. 6 – 1 ½” Screws

Tools required:

#2 Robertson or Phillips screwdriver

Please read instructions completely prior to starting.

1. Place desk and desk return in desired location. Ensure that edges of the desk and the return are parallel and tight together.
2. From underneath secure the attachment block “C” to the desk return using 3 – 1 ½” screws “D”. The attachment block should be located so that the remaining pilot holes in the attachment block will allow you to insert the last 3 screws into the underside of the desk top.
