

Litter box top template cutout for Purrrified Air filter

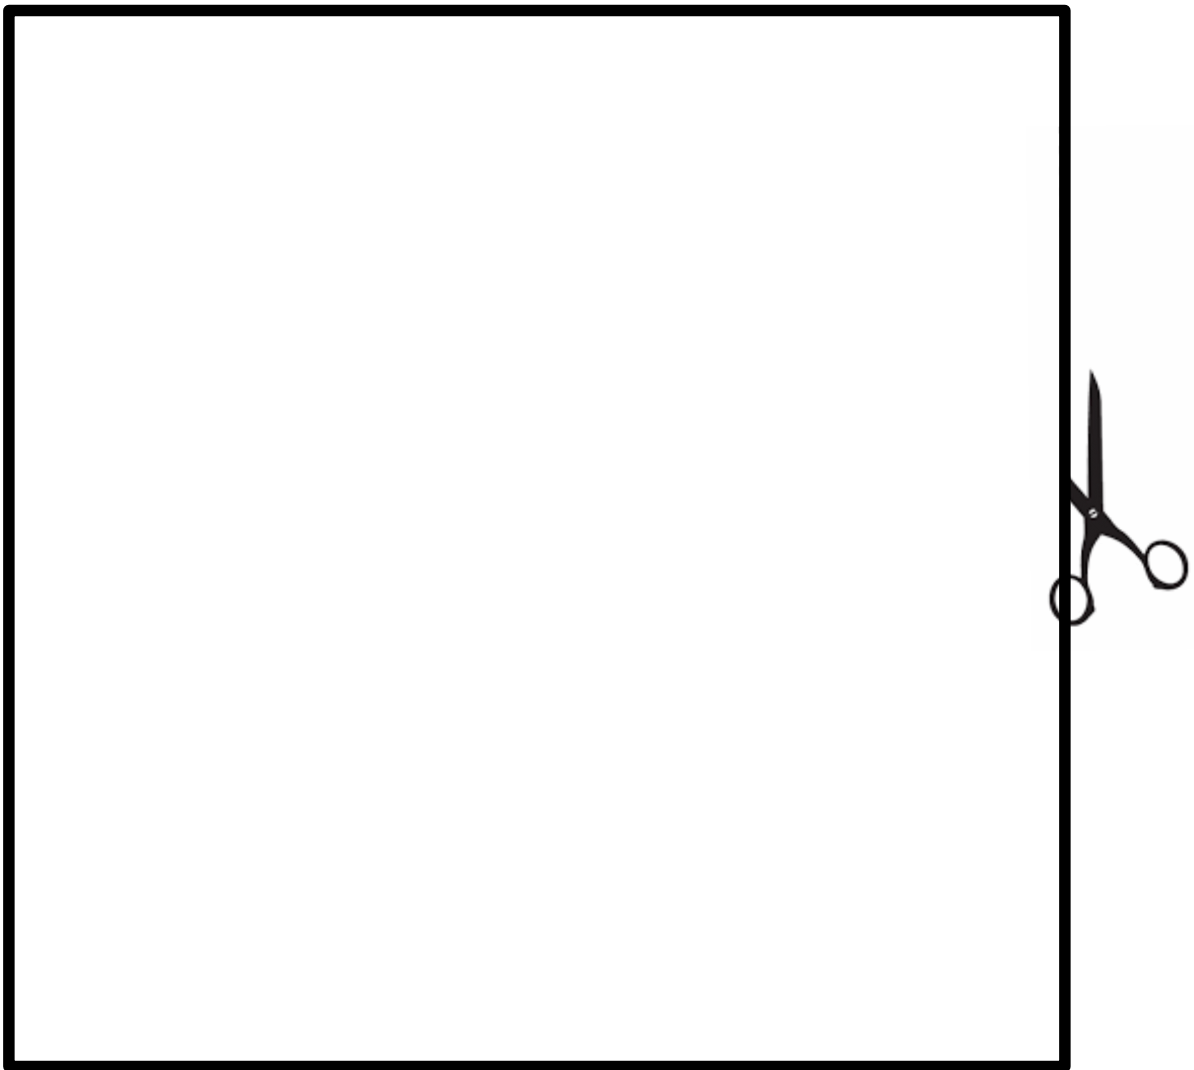

Step 1: Print this page at 100 percent size. Double check that the square printed out at 5-1/2" x 5-1/2", or 5.5" x 5.5". It can be off by up to 1/4-inch.

Step 2: Cut out square with scissors.

Step 3: Affix to a flat area on top of litter box with tape or a steady hand where you would like to locate filter. Trace onto litter box with a marker.

Step 4: Use sharp utility razor knife, box cutter or sharp kitchen knife to cut out the 5.5-inch square.

Step 5: Affix Purrrified Air filter.

This template is ideal for covered Pet Safe-brand automatic cleaning litter boxes, and many other flat topped, covered litter boxes without vents.
