Do not use the rebounder as a springboard to or from other objects. Do not step on the frame when getting on and off the rebounder. Stop bounce by flexing knees as feet come in contact with the trampoline bed. Learn this skill before attempting other more advanced moves. Control is more important than bounce height. LISTEN TO YOUR BODY

Please note that an improper and/or excessive work-out may be harmful to your health and can result in serious injury. Be sure to consult a physician before you start any exercise or fitness program and follow the guidance of your physician. Stop use **immediately** if you experience faintness, dizziness, nausea, chest pain, shortness of breath or any other physical symptoms. In case of doubt, stop exercising and consult your physician immediately.

To ensure the best safety of the rebounder, inspect it for damages and worn parts before each use. Any broken, worn or defective part must immediately be replaced. The rebounder must not be used if it has not been properly maintained and repaired. Use only original parts from the manufacturer. Changes or modifications to this unit not expressly approved by LEKFIT could void the limited warranty.

Keep children and pets away from the rebounder at all times. Children over the age of 14 and persons with a lack of experience and knowledge must be given adult supervision and instruction before using the rebounder. Do not allow children to perform maintenance or to play with the rebounder.

Ensure that there are no objects nearby which could interfere with the rebounder. Clear obstructions underneath, above, or around the rebounder.
