

# HMK® R155

## Intensive Cleaner

### Acid Free

**Removes dirt, grout film, construction dirt and light wax coats. Especially suitable for polished marble and granite. For use on all interior and exterior surfaces and finishes.**

HMK® R155 is a superior, mild alkaline, concentrated cleaner for removing general construction dirt, emulsion paint, wax coatings, the residual film built up from regular cleaning products as well as oil, grease and light cement film from all natural and artificial stone surfaces. HMK® R155 has been specially developed for use on polished and fine honed marble, limestone and travertine. For interior and exterior use.

**Instructions:** If under floor heating exists, switch it off and allow the surface to cool to room temperature. Apply HMK® R155 diluted with water (1:2 to 1:10) depending on the intensity of the dirt. Use a scrubbing brush, stiff hand brush or a suitable pad to work HMK® R155 into the surface. Leave for about 10 minutes but do not allow to dry (if needed sprinkle a little water to keep the area wet). Scrub the area again and remove the dirty liquid. Afterwards, flood rinse the area thoroughly with clean water. Repeat the procedure as necessary. For stubborn stains, HMK® R155 can be used undiluted. For periodic refreshing of surfaces and to remove protective films use HMK® R155 diluted about 1:20 with water. When using a wet vacuum we recommend that you add HMK® Z702 defoamer to the water to regulate the amount of foam.

**Important:** Do not apply in direct sunlight. Do not apply on plastic, polished or waxed wood and lacquered areas. If these areas are splashed, remove splashes immediately and rinse thoroughly with clean water.

**Coverage:** About 110 to 320 square feet per liter.

**Warning:** Chemical product. Non-flammable, non-toxic, no fumes, mild odor. Keep out of the reach of children. See Material Safety Data Sheet for more detailed information. Do not use the product in temperatures below 50 and above 80°F.

**Packaging:** 12 x 1L bottles per box; 2 x 5L bottles per box

**Storage:** Store in cool place.

**Testing:** Always test the product in an inconspicuous area to evaluate suitability, coverage and performance.

**Limitation of liability:** The liability of HMK® Moeller Stone Care and/or ACI International for defective products and any claims for damages whatsoever is limited to the purchase price of the products. HMK® Moeller Stone Care and/or ACI International shall not be liable for any consequential damages. No other warranty or representation is made or implied.
