

NO RINSING

BBQ & OVEN CLEANER INSTRUCTION SHEET

GENERAL - BBQ'S, STAINLESS STEEL & OUTDOOR FURNITURE CLEANING

Remove food scraps before cleaning

- Step 1. Spray TA - BBQ cleaner over small surface area.
- Step 2. Scrub stubborn or in-ground grease with scourer.
- Step 3. Wipe off with toweling cloth or similar, (polish with clean cloth if necessary).

HYDROCARBONS & RUST REMOVAL - Hot Plates

- Step 1. Ensure BBQ plate is completely clean & grease free, (follow above steps 1-3).
- Step 2. Spray TA-BBQ cleaner onto burnt plate, (allow to soak for a few minutes for thick hydrocarbons).
- Step 3. Scrape off burnt residue using scraper tool, (wipe with toweling cloth or paper towel).
- Step 4. Spray TA-BBQ cleaner over burnt plate & scrub clean with sanding block. Wipe dry, (rinse sanding block during process).

OVENS & OVEN GLASS

- Step 1. Spray TA-BBQ cleaner on oven glass & leave for approx for 1-3 minutes.
- Step 2. Scrub with scourer & wipe with clean toweling cloth.

CUPBOARDS & BENCH-TOPS ETC

- Step 1. Spray mist TA-BBQ cleaner over small area.
- Step 2. Wipe dry with toweling cloth, (polish if necessary).
