

Finish Description

Earthaus Sand Finish is an interior lime plaster finish named after its coarse matte granular texture. Matte and unsealed, Sand Finish is not suitable for shower use.

Substrate

Sand Finish is formulated to be applied over primed level-4 finished drywall or previously painted wall (primer with added Earhaus Primer Grit).

Sand Finish | Materials Summary

1. Primer Grit	3 lb	1 cup/gallon of primer
2. Sand Plaster	32 lb	100 sqft: 2 coats
3. Mineral Pigment	varies	1 pigment pack per bag of Plaster

Sample Kit

The Sand Finish Sample Kit includes all of the materials in sample sizes and comes pre-pigmented in your Earhaus Palette color of choice. The Kit will make up to 5 sqft of Sand Finish.
