

thickness: 3/16" | width: 24" | length/weight: 71"/ 4 lbs (standard) • 79"/ 5 lbs (long)

JOY IS PORTABLE

- **Superior cushion** for unparalleled experience, joint protection, and versatility on any surface.
- **Unparalleled grip** for slip-resistance, even with light perspiration.
- **Lifetime guarantee** against wear and tear. High quality material will not peel, flake or fade; longevity reduces consumption and landfill waste; grip improves with use.
- **Oeko-tex® certified** emissions-free manufacturing.
- **Proprietary dot-pattern** bottom to resist sliding + provides stability on hard or soft surfaces.
- **Closed-cell surface** to keep out moisture (sweat) from seeping into the mat and breeding bacteria.

CARING FOR YOUR MAT

To Break In: The best way to break in your mat is practice, practice, practice, but if you want to speed things up a little, try a simple salt scrub. Generously sprinkle coarse sea salt on the mat and let it sit or scrub in a circular motion—like you would wax a surfboard. After 24 hours, wipe the salt off with a damp cloth. Repeat 2-3 times with fresh salt as needed.

To Clean: To clean PRO Series Mats, we recommend using Manduka's All-Purpose Mat Wash or a non-solvent cleaner. Spray the top surface with mat cleaner, wipe clean with a damp cloth and hang to dry in the sunshine. Do not soak or submerge PRO Series Mats as this will encourage the material to break down and void the PRO Mat lifetime guarantee.

We're here for you. Contact our customer care team for info on new seasonal colors. 1.877.MANDUKA
