

MSDS MATERIAL SAFETY DATA SHEET

Lash Extension Lash Foam Cleanser

Product and Company

Product Name: Lash Foam Cleanser

Company: Lash Galore

Address: 861 San Bruno Ave West Unit 7, San Bruno, CA 94066

Phone: 480-723-0713

Composition, Ingredients & Information

Composition	CAS No. & Weight
Ammonium Lauryl ether Sulfate	32612-48-9 10%
Disodium EDTA	139-33-3 0.2%
Disodium cocoamphodiacetate	68650-39-5 0.1%
Glycerin	56-81-5 1%
Phenoxyethanol	122-99-6 0.1%
CAB-35 Cocamidopropyl Betaine	61789-40-0 1%
Water	7732-18-5 87.4%

First-aid measures

Description of first aid measures .

Eye contact If this product comes in contact with eyes:

- Wash out immediately with water.
- If irritation continues, seek medical attention.
- Removal of contact lenses after an eye injury should only be undertaken by skilled personnel. Skin contact - None under normal use.

Inhalation - No specific treatment is necessary since this material is not likely to be hazardous by inhalation. If exposed to excessive levels of dusts or fumes, remove to fresh air and get medical attention if cough or other symptoms develop.

Ingestion - If swallowed in small quantity the product is harmless, otherwise consult a doctor.

Most important symptoms and effects, both acute and delayed

No data available

Indication of any immediate medical attention and special treatment needed

No data available

Hazards identification

Emergency overview:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use.

Potential health effects: None

- Eye: Contact with vapor or liquid may irritate the eyes.
- Skin: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
- Inhalation: Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.
- Ingestion: Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

Fire Fighting Measures

Specific hazards: This product is non-combustible N.A.

Auto-Ignition Temperature Flash point: No information available.

Explosive Limits: No information available.

Hazardous decomposition materials (under fire condition): Carbon Monoxide, Carbon dioxide

Suitable extinguishing media Specific methods: Foam, water spray, dry chemical powder, carbon dioxide, Fire-extinguishing work is done from the windward and the suitable fire-extinguishing method according to the surrounding situation is used. Uninvolved persons should evacuate to a safe place. In case of fire in the surroundings: Remove movable containers if safe to do so.

Special protective equipment for firefighters: Proper protective equipment including breathing apparatus must be worn when approaching a fire in a confined space.

Accidental release measures

Personal precautions, protective equipment and emergency procedures

- Avoid contact with eyes.
- Avoid breathing vapors, mist or gas. Ensure adequate ventilation.

Remove all sources of ignition. Evacuate personnel to safe areas.

Beware of vapours accumulating to form explosive concentrations.

Vapours can accumulate in low areas.

Environmental precautions Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

Methods and materials for containment and cleaning up Clean up promptly by sweeping or vacuum.

Handling and storage

Precautions for safe handling For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Conditions for safe storage, including any incompatibilities Store in cool place. Keep container tightly closed in a dry and well-ventilated place. Contents under pressure. Other Recommendations: None.

Specific end uses No data available

Exposure controls/personal protection

For Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

Personal protection Eye and face protection: No special protective equipment required .

Skin protection: No special protective equipment required.

Hands and feet protection: No special protective equipment required.

Body Protection: No special protective equipment required.

Respiratory protection: No protective equipment is needed under normal use conditions.

Physical and Chemical Properties

Physical appearance(20oC)

Physical appearance(20oC)	White foam
Odor	Slight odor
Odor threshold	No data available
pH	No data available
Boiling point/range	No data available
Melting point/range	No data available
Flash Point	No data available
Explosion Limits	
Lower	No data available
Upper	No data available
Ignition Temperature	No data available
Vapour Pressure	No data available
Vapour Density	No data available
Density	No data available
Solubility	Soluble in water.

Stability and Reactivity

Stability - This material is stable under normal conditions.

Reactivity - No special reactivity has been reported.

Conditions to Avoid - Excess heat, ignition sources, incompatible materials.

Incompatible - Strong oxidizing agents, strong acids, strong alkalis

Hazardous decomposition products - Carbon Monoxide, Carbon dioxide

Toxicological Information

Acute Toxicity: No Data Available

Skin corrosion/irritation: Not expected to be irritating.

Serious eye damage/irritation: Not expected to be irritating.

Respiratory Irritation: Not expected to be irritating.

Respiratory or Skin Sensitivity: Not expected to be a skin sensitizer

Aspiration Hazard: No Data Available

Germ cell mutagenicity: No Data Available

Carcinogenicity: No Data Available

IARC =

NTP =

Reproductive toxicity: No Data Available

Ecological Information

Ecotoxicity: No Data Available

Persistence/ degradability: No Data Available

Bioaccumulative potential (BCF): No Data Available

Mobility in soil: No Data Available

Disposal Considerations

Material Disposal - Recover or recycle if possible. It is the responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste classification and disposal methods in compliance with applicable regulations. Do not dispose into the environment, in drains or in water courses.

Container Disposal - Dispose in accordance with prevailing regulations, preferably to a recognised collector or contractor. The competence of the collector or contractor should be established beforehand.

Local Legislation - Disposal should be in accordance with applicable regional, national, and local laws and regulations.

Transport Information

Land (as per ADR classification)

This substance is not classified as dangerous under ADR regulations.

IMDG

This substance is not classified as dangerous under IMDG regulations.

IATA (Country variations may apply)

This substance is not classified as dangerous under IATA regulations.

DOT (US)

This substance is not classified as dangerous under DOT regulations.

Regulatory Information

This substance is not regulated as a dangerous substance. For details regulations you should contact the appropriate agency in your country.

European/International Regulations

European Labeling in Accordance with EC Directives

Hazard Symbols: Not applicable

Risk Phrases: Not applicable

Safety Phrases: Not applicable

Additional Information:

This MSDS was prepared sincerely on the basis of the information we could obtain, however, any warranty shall not be given regarding the data contained and the assessment of hazards and toxicity. Prior to use, please investigate not only the hazards and toxicity information but also the laws and regulations of the organization, area and country where the products are to be used, which shall be given the first priority. Products are supposed to be used promptly after purchase in consideration of safety. Some new information or amendments may be added afterwards. If the products are to be used far behind the expected time of use or you have any questions, please feel free to contact us. The stated cautions are for normal handling only. In case of special handling, sufficient care should be taken, in addition to the safety measures suitable for the situation. All chemical products should be treated with the recognition of "having unknown hazards and toxicity", which differ greatly depending on the conditions and handling when in use and/or the conditions and duration of storage. The products must be handled only by those who are familiar with specialized knowledge and have experience or under the guidance of those specialists throughout use from opening to storage and disposal. Safe usage conditions shall be set up on each user's own responsibility.
