

MSDS MATERIAL SAFETY DATA SHEET

Lash Extension Protein Remover

Product and Company

Product Name: Lash Galore Protein Remover

Company: Lash Galore

Address: 52 S Linden Ave SSF CA 94080

Phone: 415-723-0713

Composition, Ingredients & Information

Ingredients	%	CAS No.
Water	48.93	7732-18-5
Alcohol	45.00	64-17-5
Propylene Glycol	5.00	57-55-6
CI 16185	0.20	915-67-3
Rosa Damascena Extract	0.50	-
Allantoin	0.10	97-59-6
Phenoxyethanol	0.10	122-99-6
Methylparaben	0.10	99-76-3
Fragrance	0.05	-
Disodium EDTA	0.02	139-33-3

First-aid measures

Eye: Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, consult a physician. If the eye is accidentally scratched with a mascara brush, consult a physician immediately.

Skin: Discontinue use of product. Apply cold compresses to affected area to relieve any discomfort. If discomfort persists, consult a physician.

Inhalation: If respiratory irritation occurs, remove individual to fresh air.

Ingestion: Accidental ingestion of product may necessitate medical attention. Do not induce vomiting.

Hazards identification

Emergency overview:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use.

Potential health effects: None

- Eye: Not expected to be irritating to the eye.
- Skin: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to mild and transient.

- Inhalation: Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.
- Ingestion: Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

Fire Fighting Measures

Flash Point: No information available

Extinguishing Media: Use chemical foam, dry chemical, carbon dioxide or water

Explosion Hazard: No applicable information has been found.

Fire - Fighting Instructions: Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released.

Accidental release measures

Personal precautions, protective equipment and emergency procedures

- Avoid contact with eyes.
- Avoid breathing vapors, mist or gas. Ensure adequate ventilation.

Remove all sources of ignition. Evacuate personnel to safe areas.

Beware of vapours accumulating to form explosive concentrations.

Vapours can accumulate in low areas.

Environmental precautions Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

Methods and materials for containment and cleaning up Clean up promptly by sweeping or vacuum.

Handling and storage

Precautions for safe handling For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Conditions for safe storage, including any incompatibilities Store in cool place. Keep container tightly closed in a dry and well-ventilated place. Contents under pressure. Other Recommendations: None.

Specific end uses No data available

Exposure controls/personal protection

For Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

Personal protection Eye and face protection: No special protective equipment required .

Skin protection: No special protective equipment required.

Hands and feet protection: No special protective equipment required.

Body Protection: No special protective equipment required.

Respiratory protection: No protective equipment is needed under normal use conditions.

Physical and Chemical Properties

Appearance	Liquid
Color	Transparent
Odor threshold	Slight odor
Physical State	Liquid
Vapour Density	Not applicable
Boiling point/range	Not applicable
Melting point/range	Not applicable
Solubility	Soluble in water.

Stability and Reactivity

Stability - This material is stable under normal conditions.

Reactivity - No special reactivity has been reported.

Conditions to Avoid - Excess heat, ignition sources, incompatible materials.

Toxicological Information

This is a personal care product that is safe for use under normal and reasonably foreseeable use.

Additional information on toxicological endpoints is available from the supplier upon request.

Ecological Information

The product ingredients are expected to be safe for the environment at concentrations predicted under normal product use and geographic dispersion. Packaging components are compatible with the conventional solid waste management practices.

Disposal Considerations

Material Disposal - Recover or recycle if possible. It is the responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste classification and disposal methods in compliance with applicable regulations. Do not dispose into the environment, in drains or in water courses.

Container Disposal - Dispose in accordance with prevailing regulations, preferably to a recognized collector or contractor. The competence of the collector or contractor should be established beforehand.

Local Legislation - Disposal should be in accordance with applicable regional, national, and local laws and regulations.

Transport Information

Land (as per ADR classification)

This substance is not classified as dangerous under ADR regulations.

IMDG

This substance is not classified as dangerous under IMDG regulations.

IATA (Country variations may apply)

This substance is not classified as dangerous under IATA regulations.

DOT (US)

This substance is not classified as dangerous under DOT regulations.

Regulatory Information

This substance is not regulated as a dangerous substance. For details regulations you should contact the appropriate agency in your country.

European/International Regulations

European Labeling in Accordance with EC Directives

Hazard Symbols: Not applicable

Risk Phrases: Not applicable

Safety Phrases: Not applicable

Additional Information:

This MSDS was prepared sincerely on the basis of the information we could obtain, however, any warranty shall not be given regarding the data contained and the assessment of hazards and toxicity. Prior to use, please investigate not only the hazards and toxicity information but also the laws and regulations of the organization, area and country where the products are to be used, which shall be given the first priority. Products are supposed to be used promptly after purchase in consideration of safety. Some new information or amendments may be added afterwards. If the products are to be used far behind the expected time of use or you have any questions, please feel free to contact us. The stated cautions are for normal handling only. In case of special handling, sufficient care should be taken, in addition to the safety measures suitable for the situation. All chemical products should be treated with the recognition of "having unknown hazards and toxicity", which differ greatly depending on the conditions and handling when in use and/or the conditions and duration of storage. The products must be handled only by those who are familiar with specialized knowledge and have experience or under the guidance of those specialists throughout use from opening to storage and disposal. Safe usage conditions shall be set up on each user's own responsibility.
