## "Scoop the Poop!"

- ▶ So Clean and Simple!
- ▶ Sweeps directly into bag
- ▶ Uses common bags

**One Year Guarantee**

Remove Clip and Bag Falls into Trash.

Place and Squeeze Lever to Scoop.

### HELPFUL HINTS:

- Some folks find it helpful to lean the tool forward slightly on the turf.
- Best to use when poop is "aged" at least one day.
- For debris that is crushed into the grass use teeth to pry it up and then scoop it.
- Also works great for scooping pine cones, acorns, apples, etc.

### PREPARING FOR USE:

To release hand lever:  
Pull out yellow Button A.

To turn handle:  
Slide yellow button B up, turn handle 90° and slide button down to lock into position.

### CARE AND FEEDING OF YOUR

#### POOP HOUND®

- Take him into your yard often and pick up debris.
- Oil him as needed or desired.
- To bathe him, just spray with garden hose.
- We hope you'll show your neighbors and friends the tricks your new hound can do.

1. Pull BAG CLIP down and back to remove.

2. Place bag in BAG CLIP and fold over rim like a garbage can.

3. Then fit BAG CLIP into holes at base and tilt clip forward until it clicks into place.

1. Position bottom teeth under debris and grasp hand lever.

2. Pull bag clip down and back to release bag.

Uses Common Bags!  
(Grocery bags, kitchen bags, etc.)
