

# PROLOGUE

BY SCANTEAK AND OUTOFSTOCK

## A new chapter for creative solution to smaller living spaces

Prologue – a new collection created after a year-long collaboration with cross-cultural design studio, Outofstock Design.

The Prologue collection is the culmination of research into contemporary living rituals in increasingly dense cities. Uncovering stories through visiting users in Tokyo, Osaka and Kobe, the Outofstock team opens a new chapter for Scanteak to bring teak home furnishing closer to users' needs.

Mono, Duo and Tetra are used here to connote the number of users we were thinking of and the details of the design. We thought these understated names best exudes the humility that encapsulates this collection.

## DUO COFFEE TABLE

Two layers intersect to create a simple coffee table, with an additional surface that allows one to stow away books or magazine.

A slightly lower height also makes it perfect for writing or dining.

1040mm(W) x 550mm(D) x 385mm(H)

**DUO COFFEE TABLE**

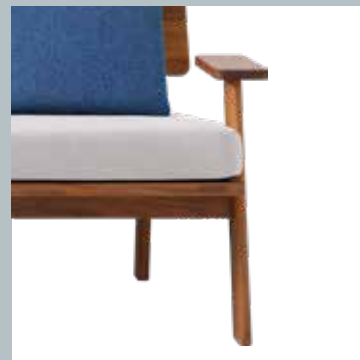

## DUO SOFA

With all unnecessary details removed, the Duo sofa is very light in proportion. The beautiful teak backrest affords a reclining position for two to sit, relax or have a nap.

Structural innovation has enabled a thin, long backrest to be achieved without compromising strength and durability.

1550mm(W) x 650mm(D) x 690mm(H)

DUO SOFA

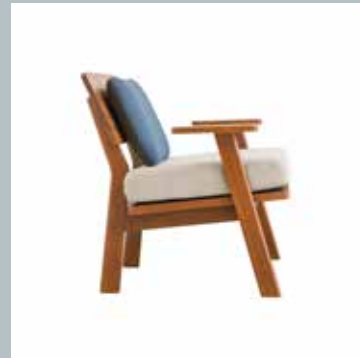

## MONO 1 SEATER

A single seater where one can recline and unwind, with armrests generous enough to place a book or a cup of tea.

730mm(W) x 610mm(D) x 690mm(H) x 440mm(SH)

MONO 1 SEATER

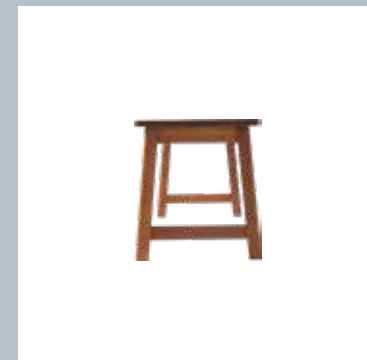

## DUO BENCH

A teak bench that sits two.

The rounded edges of its legs and seat add softer touch.

1200mm(W) x 380mm(D) x 420mm(H)

**DUO BENCH**

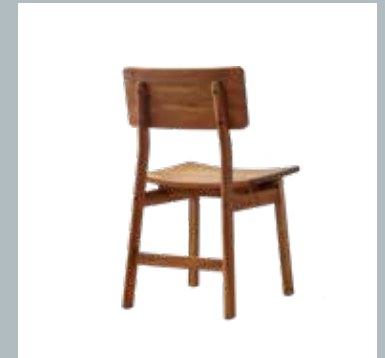

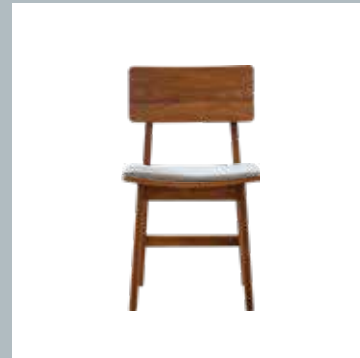

## MONO DINING CHAIR

Shaped with soft curves for comfort, the slender lines of this chair make it a simple and elegant piece.

The seat and backrest are sculpted to achieve a precise curvature that was discovered to be the most comfortable during the design process.

500mm(W) x 440mm(D) x 800mm(H)

**MONO DINING CHAIR**

## MONO DINING TABLE

Formed from solid teak, this table adapts well in small living spaces, suitable as both a dining and working space.

The shallow depth of the table is ideal for intimate dinner conversations while being space-saving. Its long proportion accommodates up to 6 diners.

1500mm(W) x 750mm(D) x 720mm(H)

DUO DINING TABLE

## DUO SWIVEL BENCH

A long bench with a movable backrest to suit two directions, without the need to turn the entire seat around.

A clever detail for small spaces. Structural innovation has enabled a thin, long backrest to be achieved without fear of warping; without compromising strength and durability.

1200mm(W) x 447mm(D) x 780mm(H)

**DUO SWIVEL BENCH**

## TETRA SHELF

A simple composition of four lines and five surfaces. With the subtle play of proportion and construction, this tall shelf is lightweight but sturdy.

With 5 tiers, it maximizes wall space or acts as a partition between two spaces. Hidden joints and structural details give the shelves stability without compromising its light visual quality.

(Tall) 1135mm(W) x 330mm(D) x 1550mm(H)  
(Medium) 1135mm(W) x 330mm(D) x 865mm(H)  
(Low) 1135mm(W) x 330mm(D) x 520mm(H)

TETRA SHELF

## MEET THE DESIGNERS

### OUTOFSTOCK

Outofstock is an international collective of award-winning designers based in Singapore, born out of a meeting in Stockholm - hence the name Outofstock.

Gabriel Tan and Wendy Chua from Singapore, Gustavo Maggio from Argentina and Sebastián Alberdi from Spain met in Stockholm, in 2005. What started out as a cross cultural creative experiment grew into a design studio with offices in Singapore and Barcelona. They currently work on furniture, industrial design and interior design for international clients such as Ligne Roset, Environment, Quantum Glass, and Bolia.

Their accolades include Elle Decoration Spain's Young Designer of the Year 2008, the Singapore Furniture Design Award 2009 and the President's Design Award 2010.
