

wildsole

Size: UK 10

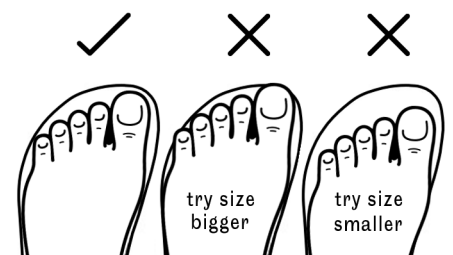

Instructions:

Use the Accuracy Checker to make sure the template is printed to actual size or 100%.

Place this template on a flat surface.

Stand your LEFT foot on the template making sure the hole falls between your big and second toe.

Find your best fit you don't want a lot of room behind your heel or in front of your toes.

For expert guidance take a couple of photos of your foot on the nearest template and email to: hello@wildsolesandals.com
