

SUGGESTED POST PRODUCTION - LABEL PANEL AREA

GUIDE ONLY - THIS LABEL AREA MUST BE CONFIRMED
WITH YOUR CHOSEN LABEL APPLICATOR

Bottle circumference = 153.00mm (at top);
 ≈152.00 (at centre) & 151.00mm (at base)
 Note: bottle will taper outwards from the base
 towards the shoulder of the bottle.
 (For best results the label will be approx.
 2.00mm longer across the top length).

****Note:** these are suggested maximum sizes only.
 The labelling does not need to completely fill
 the maximum decoration panel area,
 subject to your design requirements.
