Universally color coded switches engage and disengage the weight via an internal pin, providing a safer, more durable and maintenance free operation. Lock N Load prevents unnecessary maintenance headaches since there are no pins to lose or replace.

## DUAL USE MACHINES

The versatile dual purpose machines from Nautilus Instinct have a modest footprint and allow you to switch between two different exercises with a simple adjustment. This is ideal for smaller facilities, giving them the ability to fit a full fitness circuit in a much smaller space.
