Before You Play - Quick Notes

Dunking

- When dunking, do not pull down on the rim or hang on the rim
 - The hoop is not designed to withstand those type of dunks

Filling Sand Pouches (pouches aren't needed for beach use)

- Fill pouches with 100-120 lbs of sand (available at local department stores)
 - Each pouch holds 20-23 lbs of sand
- Recommended as a 2 person job
 - If only 1 person, a scooper is recommended

Rim Connection

- This step takes a few tries to get the hang of it
- When connecting rim to backboard, be sure to tighten the knobs completely

Pole Pad

- Always put the pole pad on before playing

How to Play UBALL

1. **No Dribbling** - You get **3 steps** before you have to pass or shoot
 2. **No Out of Bounds** - You can go behind the hoop like hockey or lacrosse
 3. **Baskets are 1 and 2 Points** (half courts shots are 2 pts)
-

Half-Court Gameplay (1 Hoop)

- **Player count: 2-on-2 or 3-on-3**
- Teams must take the ball back on every change of possession
- Set take-back marker 20ft from basket

Full-Court Gameplay (2 Hoops)

- **Player Count: 3 on 3**
- Game begins with Tip-Off
