

1" Mini Adjustable Low Voltage Downlight

EnVision LED has developed a line of 1" Mini Adjustable Low Voltage Downlights, with a 60° pitch angle. These downlights feature a trim-changable module. Trim changing accessories include: black round, bronze round, white square, black square, and bronze square finishes that fits on any of the modules available for purchase. By reducing material cost and installation time, the EnVision Mini Downlight is the ideal retrofit or new construction recessed low voltage lighting solution yet. Simply cut a hole in the ceiling, power the J-Box to the wall switch, and push the trim flush.

Applications:

- Recessed Downlighting
- Drywall & Hard Ceiling

Product Information:

- ETL Certified
- Low-Voltage Daisy-Chain Wiring
- 5-100% dimming with compatible electronic dimming drivers
- Smaller lamp body for flexible application
- Adjustable fixture allows 60° pitch angle
