LED Edge Lit Flat Panel

The LED edge lit flat panel is designed to create uniform light distribution without hot spots, flicker or glare. The aluminum frame allows for the fixture to be fit in a drop ceiling (t-bar) grid, pendant hung with the cable kit or can be surface mounted with the optional surface mount kit. Great for replacing old fluorescent fixtures or for new construction, the fixture comes in 3 sizes: 1'x4', 2'x2' and 2'x4'.

Features:

- Voltage: 120-277V
- CRI: 80
- 0-10V dimmable
- Life: 50000 Hours
