# Series X44

## 4" x 4" Linear "X"

Create a dramatic effect with an "X" shaped linear light in your choice of size, finishes and lighting outputs. A center joiner box provides a sleek and modern solution for joining multiple linear fixtures to provide the visually appealing configuration. With this system, "T", "L" or other patterns are also available. The linear portion uses the popular 4 inch x 4 inch profile (44 Series) which has a variety of sizes, finishes and lighting outputs. Fixture hangs from cable kits that include powered and non-powered versions.

### CONSTRUCTION

Housing is die-formed and welded 22-gauge cold rolled steel. Knockouts on ends allow continuous wireway mounting. A 1/2" regressed flange at the bottom insures uniformity and rigidity. Uplight fixtures have 1/2" x 4" apertures along the top of the housing to provide approximately uniform ambient upright for ceiling illumination.

### DIFFUSER

Frosted acrylic snap fit diffuser is specially designed for LED to provide maximum efficiency and minimize glare and diode image. Lens snaps into body and is flush with the bottom of the fixture.

### MOUNTING

Fixtures can be surface mounted to the ceiling or pendant hung by stem or cable.

### DIMENSIONS

- 4" x 4" 2 ft
- 4" x 4" 4 ft

### FEATURES & BENEFITS

- 4" x 4" Housing with Post Painted Finish
- "L", "T", or "X" Shapes with Joiner Box
- Joiner Box for all Wiring and Mounting
- Available in a variety of Finishes, Sizes and Outputs
