## LED Round Wafer Down Light

The WareLight downlight is available in 4 inch and 6 inch diameters. The 4 inch is 9W (570 lumen) and the 6 inch is 12W (800 lumen). It has a 155° beam angle and is rated for a 50000 hour life.

The downlight is Triac 120V line dimmable.

This color temperature selectable (CCT: 2700K / 3000K / 3500K / 4000K / 5000K) fixture replaces legacy incandescent, CFL or HID bulbs.

SKU	Diameter	Wattage	Lumen	Voltage	CRI	Beam Angle
