NANO COMPOSITE from COSMEDENT<sup>™</sup>

COMPOSITES

## RENAMEL NANO PLUS IN ACTION

**AFTER YEARS OF DEVELOPMENT AND CONTINUOUS FEEDBACK FROM LEADING CLINICIANS, RENAMEL NANO PLUS IS HERE — AND IT'S THE COMPOSITE TO BEAT.**

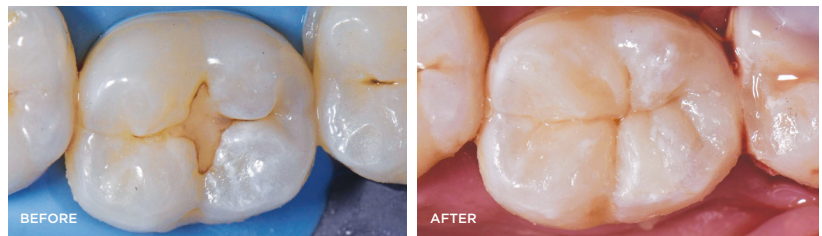

Renamel NANO PLUS has incredible handling with absolutely no stick or slump, even when heated. It polishes to a high, long-lasting shine and it is both strong and wear-resistant.

### WHY RENAMEL NANO PLUS:

- Easy to place, sculpt and manipulate
- Polishes to a high shine
- Outstanding strength
- Wear-resistant and colour-stable
- Quick and accurate shade selection
- Part of the award-winning Renamel Restorative System
- Perfectly colour matched to the Classic VITA Shade Guide

DIASTEMA CLOSURE — Dentistry by Dr. Dipesh Parmar

CLASS 1 COMPOSITE — Dentistry by Dr. Clarence Tam

OLD, UNSIGHTLY RESTORATION — Dentistry by Dr. Javier Quirós

*"I have been using Cosmedent's Renamel NANO PLUS for the past month and am thrilled with the handling and polishability of the composite. There is no stickiness and Renamel NANO PLUS stays where you put it, without pull back. A great complement to the Renamel system."*

— DR. DENNIS HARTLIEB
