

**MATERIAL SAFETY DATA SHEET**  
**RIBBOND® BONDABLE REINFORCEMENT RIBBOND**  
*ORIGINAL RIBBOND , RIBBOND-THM and RIBBOND-TRIAXIAL*

Ribbond, Inc.                      Date prepared: October 29, 2001  
1402 3<sup>rd</sup> AVE, STE 1030      Information by: David Rudo, DDS  
Seattle, WA 98101              [ribbond@ribbond.com](mailto:ribbond@ribbond.com)  
206-340-8870 - 800-624-4554

**SECTION 1: Material Identification and Hazard Components**

Material Name: Original Ribbond and Ribbond THM

**SECTION A (A): Ingredients**

Polyethylene, Homopolymer H-(CH<sub>2</sub>-CH<sub>2</sub>)<sub>n</sub>-H

**SECTION 1 (B): Hazards**

**SECTION II: Physical/Chemical Characteristics**

Physical State: solid  
Odor: none  
Odor threshold: Not applicable  
Appearance: White  
pH: Not applicable  
Freezing point: Not applicable  
Water Solubility: Not applicable

**SECTION III Fire & Explosion Hazard Data**

Flash Point: Not applicable  
Use alcohol type or all purpose foam to put onto fires  
Decomposition products: Thermal decomposition, expected to yield  
Co<sub>1</sub>, Co<sub>2</sub> and various oxidizing and non-oxidized hydrocarbons  
Hazardous polymerization: Not applicable

**SECTION IV: Reactivity Hazard Data**

Exposure Limit: Not applicable  
Eye Contact: May cause mechanical irritation  
Skin Contact: May cause mechanical irritation  
Inhalation: Not considered toxic, not an irritant  
Ingestion: Material estimated to be of low toxicity

**SECTION V: Control and Protective Measures**

Keep material in protective packaging to maintain bondability.

**SECTION VI: Special precautions**

No special precautions

The information and recommendations set forth are presented in good faith and believe to be correct as of the date hereof. Ribbond, Inc. makes no representations as to the completeness of accuracy thereof and information is supplied upon the concession that the persons receiving same will make their own determination as to its suitability for their purposes prior to use.
