

Vended Top Load Washer with Galaxy™

At Huebsch®, our priority is making commercial laundry equipment that's perfectly aligned with your business philosophy. In other words, because you believe that profit is the inevitable result of superior efficiency, durability, simplicity and service, that's exactly what we deliver.

LOW WATER USE

Huebsch top load washers offer owners ultra-efficient cycle selections which average just 28 gallons of water consumption per cycle.

HIGH SPIN SPEED

With an industry-best final spin of 710 RPM, Huebsch top load washers remove more water from loads than many competing models. The end result is reduced drying times for customers and lower utility consumption for store owners.

HEAVY-DUTY POWER

Our top load washer is powered by a heavy-duty 1/2 horsepower motor. The washer performance is further fortified by an automatic balance system, which ensures cycles aren't interrupted by unbalanced loads.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed up by Huebsch's standard three-year warranty.*

*Parts only, labor not included. See Huebsch Warranty Bond for specifics.

HUEBSCH COMMAND™

LAUNDROMAT DATA AND ANALYTICS THAT ARE CUSTOM-MADE FOR THE WAY YOU OPERATE

The Galaxy™ 600 Top Load Washer is Huebsch Command™ compatible. That means you get all features of the Galaxy control—but now you can use them remotely, from anywhere in the world with an internet connection. Huebsch Command also offers a convenient mobile app that not only delivers more flexible payment options, but also a Huebsch Rewards program to inspire greater customer loyalty to your store.
