FACTS AND QUESTIONS

+ **HOW OFTEN SHOULD I DRINK A JUICE?**
  It’s up to you! You can never have too much cold-pressed juice. Drink as a snack, meal replacement, pre/post workout replenishment, or drink several a day to do a juice cleanse.

+ **WHAT IF I CAN’T DRINK A FULL BOTTLE?**
  There is no right or wrong amount to drink and you do not need to finish the entire bottle in one shot. Just respect your hunger levels and only drink as much as you need.

+ **HOW LONG SHOULD I DRINK RAW JUICE?**
  Our cold-pressed juices are meant to be consumed daily on a long term basis.

+ **CAN I CLEANSE WITH THESE JUICES?**
  Our cold-pressed juices are perfect to cleanse with! They provide a wide variety of nutrients and should give you excellent results.

+ **HOW LONG UNTIL I SEE RESULTS?**
  It varies from person to person, but some people see results in as little as just a few days.

+ **WHAT ELSE CAN I DO TO LOOK & FEEL BETTER?**
  In addition to drinking cold pressed juices, it is a good idea to do a cleanse at least a few times a year. You can also try adding more vegetables to each meal, and reducing or removing dairy, gluten, and alcohol from your diet.

+ **HOW SHOULD I STORE THE BOTTLES?**
  Since our products are shipped frozen, there is no rush to drink them. If you do not plan on consuming them as soon as you receive your shipment, store the bottles in the freezer. Otherwise, thaw them in the refrigerator, one day’s worth of bottles at a time.

+ **WHAT IS THE SHELF LIFE?**
  The bottles can be stored in the freezer for up to 6 months. Once completely thawed in the refrigerator (may take 24 - 48 hours depending on how cold your refrigerator is), they should be consumed within 24 hours. They should be refrigerated at all times and consumed very cold.
