MODEL №: 0002-SM

ISSUED: 01-87

REVISED: 20 AUG 2019

SURFACE MOUNTED ROUND STAINLESS STEEL PAPER CUP DISPENSER

SPECIFICATION

Surface mounted Round Paper Cup dispenser shall hold one hundred (100) 3oz to 6oz (90ml -177ml) waxed paper cups. Dispenser shall be 22 gauge type 304 stainless steel alloy 18-8. All exposed surfaces shall be bright finish and be protected during shipment with a PVC film easily removable after installation. Back of unit shall have a dovetail bracket to match a wedge fit wall bracket.

Surface Mounted Round Stainless Steel Paper Cup Dispenser shall be Model № 0002-SM as fabricated by American Specialties, Inc., 441 Saw Mill River Road, Yonkers, New York 10701-4913

INSTALLATION

An independent bracket is surface mounted on wall or partition using № 10 pan-head self-threading screws (supplied). Unit is then secured at back via a matching permanent bracket at back of dispenser. For compliance with 2010 ADA Accessibility Standards install unit so that the bottom of the cup dispenser is 48" [1219] max AFF (Above Finished Floor) with clear floor reach access only and 46" [1168] max AFF with side reach over an obstruction (e.g. vanity).

OPERATION

Cups are self-feeding until supply is depleted. Dispenser may be reloaded with a partial load in-place and will continue to feed properly. Supplies are replenished manually on a schedule determined by maintenance needs.
