INHABIT
EDUCATION

B O O K S

Dear Reader,

Welcome to the Inhabit Education Books spring 2023 catalogue. Inhabit Education Books is a Nunavut-based educational publishing company with a mandate to provide educators and parents with educational resources that are infused with authentic Northern perspectives, ways of life, and imagery. Our publishing initiative always considers stories and information in an educational context. All of our publications are developed by a team of Northern educators and language experts. These titles incorporate concepts that students are familiar with—counting, animals, family, traditional stories, and so on—within a Northern context. Our books are designed to support students across Canada in their literacy development while providing access to materials that reflect Canada’s diverse geography, culture, and traditions.

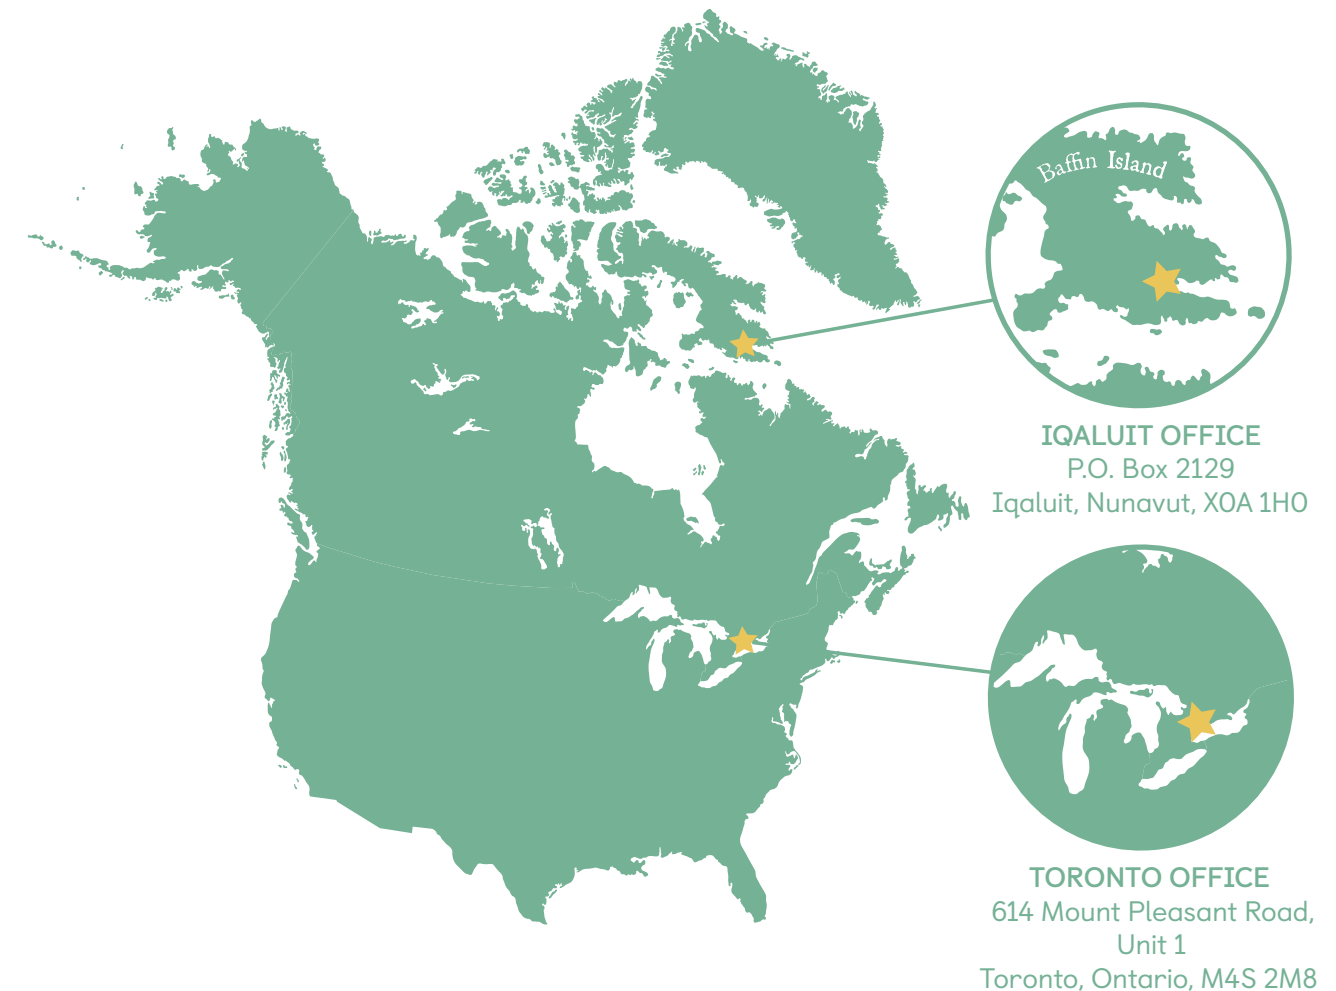

This season, we are pleased to offer an exciting variety of new books, including a biography of an Inuit artist, a graphic novel, and a rhyming storybook for young children. We are also excited to share a new addition to the Spencer the Siksik series, which teaches readers about the Inuit Qaujimajatuqangit principles.

We hope you enjoy sharing these stories of fun, adventure, history, and nature with your readers!

All the best,

The Inhabit Education Books Team

Curriculum Connections

Inhabit Education Books offers supportive materials for classroom units in a variety of subject disciplines. Many of our titles fit into the following broad curricular areas:

DIVERSITY AND INDIGENOUS PERSPECTIVES

Most of our titles are written from an Arctic, and usually an Inuit, perspective. *The Story of the Fox and the Wolf* (p. 6) exposes children to an Inuit traditional story and the lessons it teaches, told in a simple and engaging way. *Spencer the Siksik Cleans Up* (p. 8) teaches children about the Inuit Qaujimajatuqangit principle of respecting the land, animals, and environment. *The Life and Art of Ningiukulu Teevee* (p. 15) teaches children about a successful Inuit artist. All text, illustrations, and photographs are carefully reviewed for cultural accuracy.

ENVIRONMENTAL AWARENESS, ENVIRONMENTAL STEWARDSHIP, SUSTAINABILITY, AND LIFE SYSTEMS

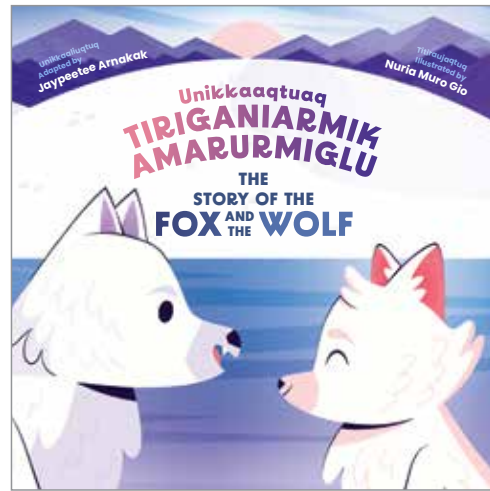

Many of our titles can support science units on the environment, animals, and seasons. Readers will learn about the importance of respecting the land, animals, and environment in *Spencer the Siksik Cleans Up* (p. 8).

PERSONAL AND SOCIAL DEVELOPMENT

Both fiction and non-fiction texts incorporate essential themes of community engagement, identity and self-image, and roles and responsibilities. *Ukaliq Learns to Play Inuktitut Baseball* (p. 12) shows children that everyone has their own unique skills. *My Pet Hawk* (p. 15) teaches children about the responsibilities of caring for a living thing. *The Girl Who Swam with Sea Creatures* (p. 16) shows the consequences of acting irresponsibly and going against Elders' advice. *Spencer the Siksik Cleans Up* (p. 8) teaches about our responsibility to take care of and respect the land.

New Releases in the Nunavummi Reading Series

The Nunavummi reading series is a unique Nunavut-made levelled reading series that aligns the reading expectations of Inuktitut (Inuktitut and Inuinnaqtun), English, and French. The reading series corresponds closely to the reading levels and expectations developed by the Department of Education in Nunavut. This approach to literacy provides educators and parents with the tools they need to ensure that children are equally challenged and successful in all the languages represented in Nunavut.

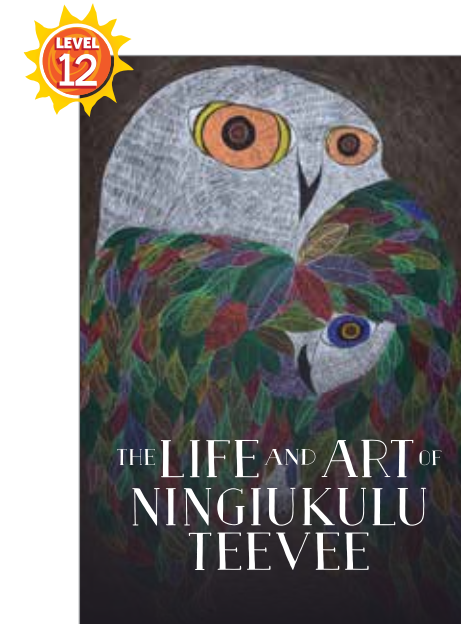

For southern educators, this series represents an opportunity to infuse their levelled reading programs with authentic Northern perspectives and knowledge. Canada is a country of cultural, geographic, and linguistic diversity, and the Nunavummi reading series helps educators create a literacy program that reflects this diversity.

The books in the Nunavummi reading series are for readers from Levels 1 (roughly early Kindergarten) to 18 (roughly late Grade 5). These levels build on readers' skills as they move progressively from simple sentences to complex stories and non-fiction informational books. Note: Grade ranges are provided merely as a guide and may not reflect the developmental stage of a given individual reader.

For a complete list of levels, please visit inhabiteducationbooks.com/pages/levelling.

English titles in the Nunavummi reading series have been officially levelled using the F&P Text Level Gradient™ Leveling System.

Neither Heinemann nor Fountas and Pinnell have produced this catalogue and they do not endorse/sponsor and are not otherwise affiliated with Inhabit Education and are not responsible for the catalogue.
