- Live relay control from your PC

ACCESS CONTROL SOLUTIONS
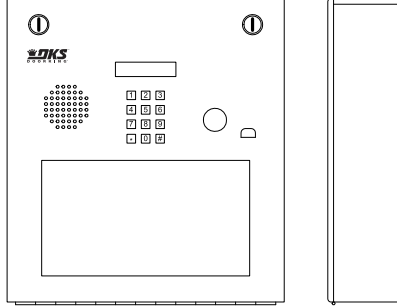

TELEPHONE INTERCOM

™ DOORKING ®

The Model 1810 Access Plus provides voice communication from the entry point via the central office telephone service for up to 27 residents/tenants, and can provide voice communication from the entry point for up to 23 residents/tenants without central office phone service by using the 1816 Access Plus telephone intercom add-on module.

Ideal for small to medium apartment and condominium complexes, gated communities, college resident halls, mixed-use buildings, and businesses.
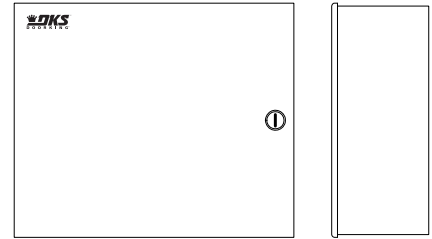

1810 Access Plus

Flush
12" W x 13.25" H x 3.25" D
30.4cm W x 33.7cm H x 8.25cm D

1816 Access Plus
12.25" W x 10.25" H x 4.25" D
311mm W x 260mm H x 108mm D

No Phone Line Intercom Expansion
The DKS model 1816 AP telephone intercom system expands the capabilities of the Access Plus to include facilities without active phone service, and does not require a dedicated Central Office (C.O.) phone line to establish communication between the 1810 AP and the resident's telephone. This system allows the resident to be in charge of their calls and can interface with up to 23 phone lines.

1810 Access Plus Specs
