Solution Spotlight: Perma-Patch®

All-season, All-weather, PERMANENT asphalt patch material.

60 lb. Bag

Easy application: Pour straight from the bag.

Accepts Traffic Immediately.

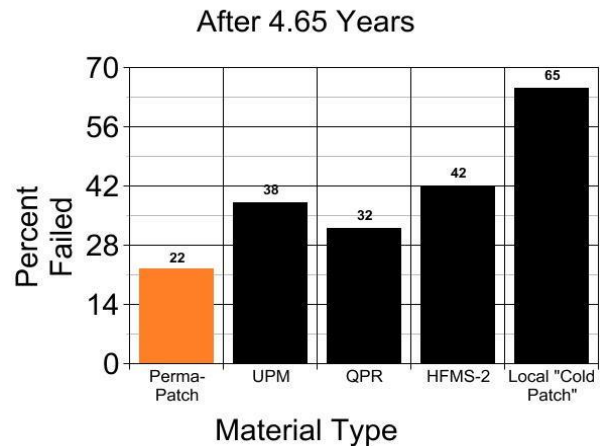

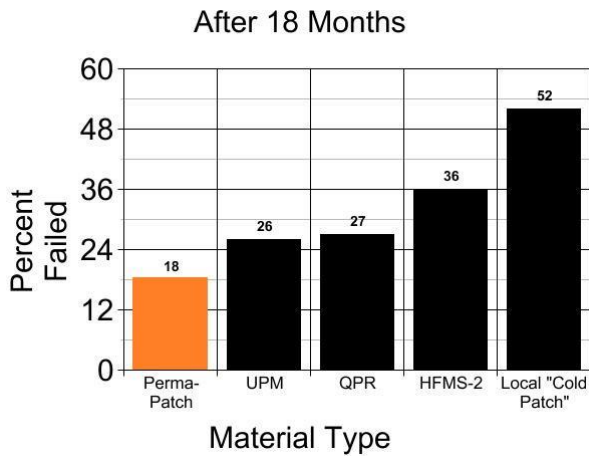

Bonds to asphalt, metal, wood, and concrete.

Perma-Patch® comes in convenient 60 lb. water resistant bags and 30 or 50 lb. pails, all with a minimum 2 year shelf life.

Perma-Patch® can be applied as thin as one stone thickness (1/4") due to its excellent bonding strength. Fills depressions and utility cuts.

In Federal Government Tests, Perma-Patch® test as Most Durable among commercially available material types tested.*

* See Report SHRP-H-348 and -353 of the National Academy of Sciences "Strategic Highway Research Project", United States Federal Government Projects H105 and H106.

Perma-Patch® will frequently outlast the surrounding pavement.

Perma-Patch® is **environmentally friendly** with little or no waste when poured from the bag.
