

SterlingCool

CUTTING FLUIDS DIRECT

SterlingCool-20G

SterlingCool-20G is a premium metal working fluid formulated for glass grinding. It is formulated with a unique lubricant that not only cools and provides excellent wheel life for diamond wheels in grinding processes, but also provides excellent glass fine settling to maximize filtration. SterlingCool-20G is also formulated with superior microbial control for longer sump life and fluid protection from bacteria and mold.

LAB DATA

LAB DATA	
Form	Clear Liquid
PH Concentrate	10.2
PH 5% Mix	9.2
Solubility in Water	100%
Refractometer Factor	3.7

Advantages

- Excellent Lubrication
- Superior microbial control for long sump life
- Prevents build up of glass fines and glass packing
- Low foam, Low Mist
- Extremely clean
- Easy recycling or disposal
