

SterlingCool

CUTTING FLUIDS DIRECT

SterlingCool-AR501

SterlingCool-AR501 is a general purpose dark cutting oil that is recommended for a wide variety of applications including threading, sawing, gear cutting and tapping. It contains sulfurized extreme pressure additives that provide excellent lubrication in severe cutting applications. AR501 provides excellent lubricity in pipe threading, sawing, and other tough machining operations. It is ideal for ferrous materials. Staining may occur on copper and aluminum if the part is not rinsed soon after machining.

LAB DATA	
Appearance, Concentrate	Medium Amber
Pounds Per Gallon	7.58
Viscosity SUS @100 Deg. F	125 Approx.
Flash Point F	>350

Advantages

- Superior lubricity
- Low Odor
- Excellent corrosion protection
- Cost effective

SterlingCool AR501 is available in 5 gallon pails, 55 gallon drums and 275 gallon totes.
