

# Kiddi Whizz<sup>TM</sup>

The Eco-Handheld Kids Toilet

Hi, I'm Zoë, creator of the Whizzer® I designed it when my son was little and always seemed to need the loo. I've worked super hard, against the odds to turn my invention

a reality. It's now saving parents long after toilet training troubles and for more travel and medical needs I could ever imagine. So no matter the age or situation, the Whizzer®'s got you covered.

Thanks to our amazing supporters, it's already a must-pack item for families. We're SO grateful for every purchase and hope the Whizzer® becomes your child's trusted companion on all your adventures.

Hugs,

Zoë and Mayson

# Step by step instructions

Everything you need is inside.

1

Peel the lid off, no screwing needed, the lid keeps the Whizzer® airtight.

This size holds 250ml, the next size is the collapsible 500ml version.

2

Remove the white stability ring with the attached funnel, you'll find the unisex spout underneath

3

The raised bumps on the spout fit into the holes in the stability ring. Ensure they're lined up and secure before use, it gets quicker with practice!

Tip

Ensure the highest part is at the front as a privacy shield

Tip

Leakproof funnel can be removed before use if fast flow fills it too quickly but replace for carrying when full

## After use

### Either

Once used, remove the spout, stability ring and funnel all in one to empty immediately.

### Or

Pinch the spout off and replace with the lid and put it all in a bag or use the strap to attach it to something then empty and clean later.

Bags and straps are sold separately.

**Tip:**  
Keep a few tissues/wipes in the bag

# How to wash

- Clean with hot soapy water after use.
- Don't use anything abrasive.
- Dishwasher safe!

We use high-grade food quality silicone so with the right care the Whizzer® should last for years of use!

## #wheresthewhizzer

It's lovely to see where the Whizzer® has travelled to, so don't forget to use tags **#wheresthewhizzer** **#kiddiwhizz** so we can find you on instagram! We do giveaways there too.

Reviews and recommendations help so much and as a thank-you use the 10% off code below.
