CAN I SHARE THE FILES?

No. **Paid products are for use by the original purchaser.** The lessons, activities, and graphics contained in the files are bound by copyright laws. If someone would like a copy, please direct them to purchase from us.

However, we were teachers too. Files can be shared within your Agriculture department at school. So if you are in a multi-teacher program, your teaching partner can use the files too.

But if teachers at a different school in the same county want a copy, please have them purchase from us. We put a lot of time and effort into these products and want to be able to keep providing the best materials possible.
