**Model numbers:****Audio Interconnect Cable \ 5S-RCA1-2.0M****Optical Audio Cable \ 5S-OPT1-2.0M, 5S-OPT2-2.0M****Subwoofer Cable \ 5S-SUB1-5.0M, 5S-SUB2-5.0M**

**CAUTION** To reduce the risk of electrical shock, only use the Audio cables indoors and in cool dry locations. DO NOT install cables near any heat-emitting appliances such as radiators or heat registers. DO NOT install where excessive moisture is present.

**Product Registration**

Prior to using your product, please go to [www.austere.com/guarantee](http://www.austere.com/guarantee) to register your product and to access our complete lifetime guarantee statement.

**INSTALLATION**

**Audio Cables.** Austere's Audio cables contain pure gold contacts to reduce the potential for oxidation build-up in your cables. This preserves the purity of the sound for as long as the cables are used. Audio cables included in the Austere product lineup are; Optical Audio, Subwoofer and Audio Interconnect.

**Installing Audio Interconnect Cables.** Prior to installation, be sure all your devices are powered off. Each end of the interconnect cables is color coded White for Left (L) and Red for Right (R). Begin by plugging in one end of the audio cable to the source device first, making sure to match the colors for right and left. Next, install the opposing ends directly into the corresponding audio output of your television or receiver, again making sure to match the colors for right and left.

**Installing Optical Audio Cables.** Prior to installation, be sure all your devices are powered off.

Be sure to remove the protective cap from each end of your optical cable.

Begin by plugging in one end of the optical cable to the connected device (soundbar). When installing the optical audio cable, be sure note the orientation of the cable matches the orientation of the optical connector on your device and install the cable accordingly. Improper installation of the cable could damage the cable or your equipment. Next, install the opposing end directly into the back of your television or receiver.

**Installing Subwoofer Cables.** Prior to installation, be sure all your devices are powered off. Begin by plugging in one end of the subwoofer cable to the connected device (soundbar, subwoofer). Next, install the opposing end directly into the corresponding audio output of your television or receiver.

**Technical Support:** Please contact our technical support team with installation questions, troubleshooting needs, or general product questions.

## LIFETIME GUARANTEE FOR CONSUMERS

Austere, 9375 SW Commerce Circle, Suite 7, Wilsonville, OR 97070, USA extends to you this Limited Guarantee. Statutory or common law may provide you with additional rights or remedies, which shall not be affected by this Limited Lifetime Guarantee. This Guarantee gives you specific legal rights, you may have other rights, which vary from state to state or country to country.

### Scope of Guarantee

Austere provides a guarantee of the function of this product, if used in accordance with all applicable instructions and warnings, to be free from original defects in material and workmanship for the Lifetime\*\* of the product, subject to the conditions and limitations below. If the product should prove defective in material or workmanship within that period, Austere will, subject to the following terms, conditions and limitations, repair or, at Austere's sole discretion, replace the defective product, replace with a comparable product if the specific product is no longer available or refund to you the original purchase price you paid to the authorized dealer for the defective product if repair or replacement is not commercially practical or cannot be completed in a timely manner.

**\*\* "Lifetime" \*\*** means the duration of use of the product under normal circumstances and used in accordance with all instructions and warnings, and specifically such time as the product can no longer function after normal use for the specific purpose intended. Lifetime is further defined as the expected and typical life of the product, and specifically not the lifetime of the original purchaser or user.

OBSERVE: Prior to use, the individual user should review all instructions and warnings and take immediate care to determine whether this product is suitable, adequate or safe for the use intended. Because individual applications are subject to great variation, Austere makes no representation or guarantee as to the suitability or fitness of these products for any specific application.

### Limitations

This guarantee does not apply to product purchased in used or unpackaged form or purchased from someone other than an authorized dealer, damages incurred as a result of product wear and tear caused by normal use over time, the natural breakdown of colors, cloth and materials over extended time and use, accidental damage, abuse, improper care, unreasonable use, natural disaster, abnormal mechanical or environmental conditions, disassembly, modifications or alterations to the product or negligence in care or use of the product. Removal or defacing of brand labels will immediately void this guarantee.

This guarantee is non-transferable and only applies to the original purchaser of the product. This guarantee is restricted to the original country of purchase and will be void on any product taken outside the country where originally purchased or shipped to directly from an authorized dealer.

Austere shall not be liable for any incidental, reliance, or consequential damages or breach of implied guarantee on its products, including any damage to person or property, and specifically disclaims the warranty of merchantability and warranty of fitness for a particular purpose, whenever the law allows such limitations and disclaimers. Austere's sole and maximum obligation shall be to repair or replace the product or issue a refund in Austere's sole discretion.

See the full terms and details of the Austere guarantee at, [www.austere.com/guarantee](http://www.austere.com/guarantee).
