HOPPE

TOY BOX

Put your Defender up to the challenge of your workload and off-the-clock adventures with Hoppe's Toy Box cargo top! Simply install onto your UTV's cargo bed and then load up the dogs, guns, feed, seed, power tools and much more while shielding it all from the elements.

PARTS & PRICING

ITEM	HOPPE	MSRP
TOY BOX for Defender & Defender MAX models*	HPBY-0550	\$3000
DIVIDER WALL for Defender Toy Box	HPBY-0560	\$395
ROOF RACK (Universal)	HPBY-0562	\$1400

**Includes all sub models except Pro series or 6x6*

AVAILABLE OPTIONS

The **HOPPE ROOF RACK** extends the adaptability of your side-by-side by providing a top-mounted storage area that is installable on top of either HOPPE TOY BOX cargo bed enclosures or HOPPE AUDIO SHADE stereo tops.

The **HOPPE DIVIDER WALL** for our TOY BOX cargo top is a great way to organize the bed of your side-by-side for any big tasks your day holds. The DIVIDER WALL is perfect for separating your dog from your equipment, or even to tie up tools and guns to eliminate sliding around while riding around. Just use bungee cords or other mounting accessories to secure items to the DIVIDER WALL.

ROOF RACK

- Lightweight at under 50 lbs and designed to maximize overall payload capacity
- 100 lbs cargo capacity
- Wrap-around LED lights for convenience day or night
- Durable aluminum construction that matches Toy Box finish

DIVIDER WALL

- Lightweight at under 20 lbs and designed to maximize overall payload capacity
- Durable aluminum construction that matches Toy Box finish
