

## Find your ring size

1. Print this page on standard A4 paper (210x297mm), making sure that the page scaling is set to 'none' in your print options.
2. Take one of your rings that fits your desired finger.
3. Place the ring over the circles below until the inside circumference of the ring matches a circle.

### Women

### Men

Measurements match the inside edge of the ring.  
Measurements reflect the ring diameter in millimeter.
