

FESTINA

Every minute, an emotion

With more than 30 years of experience, the Festina Group is a prestigious international company specializing in the production and marketing of timepieces.

Its know-how and the 5 million watches that it distributes annually make it one of the benchmarks in the watch market.

The Group's leading brand, FESTINA, founded in Switzerland in 1902, is currently exported to more than 90 countries, on five continents.

Such expansion and recognition by the general public could only be achieved by building on three founding pillars:

*a proven taste for challenge,
a desire for constant innovation,
the tireless search for optimal value for money.*

Driven by the same passion, a new page is written for the brand, with the launch of Festina Writing and its arrival in the world of writing instruments, Travel and leather goods.

FESTINA

WRITING INSTRUMENTS

The Festina writing instrument collection is enhanced this year with our new "Bold" silhouette. With its strong and luxurious structure, it is the perfect luxurious addition to our pen assortment, with "Chronobike" being our active-inspired range, "Classicals" being the timeless, more affordable line and Mademoiselle as our resolutely feminine offer.

DETAILS

All our writing pieces share common DNA elements that allows for a great coherence throughout the line. For example, the clip detail with its F engraved on an irregular quadrilateral shape is present throughout the collection, and allows for the Festina writing pieces to really stand out. Other design elements such as textured rings, reminiscent of watch buttons can be found across the collection.

MATERIALS

Our writing instrument collection is built around key silhouettes that are regularly re-edited in new innovative materials and textures. From our signature brushed aluminum finishes, to colorful lacquers, and including unexpected Saffiano grains, our offer is innovative and thrives to constantly reinvent itself.

WRITING MODES

Handwriting and the physical art of conveying ideas from mind to paper requires choosing the right writing mode, between traditional fountains, easy ballpoints or roller balls that offer a perfect alternative between the first two. All these options are available across our exhaustive collection.

BOLD CLASSIC

Our new “Bold” silhouette is imposing, luxurious and distinct. Its slightly oversized frame is offered in luxurious, shiny lacquers enhanced by crisp chrome accents, featuring detailed engravings. This standout writing piece is finished with our iconic, delicately crafted clip revealing the F symbol.

The Bold Classic is offered in a palette of elegant colors : Dark green, Navy and Black.

The top of our Bold pen is engraved with the Festina Blazon, a design element that is present throughout our existing writing collection.

BOLD STRIPE

A slightly more unexpected and refined version of our new “Bold” writing collection, this writing piece is entirely engraved with horizontal stripes. This part of the assortment is a statement of style and elegance in itself and is offered in 3 luxurious metal plating colors : Black, gun and chrome.

Playing with contrastive color platings, finishings and refined details is key to our design process. Each element subtly complimenting another for a result that feels both elegant and effortless.

The Bold stripes pen collection is complemented with these three matching keyrings. Luxurious accessories to mix and match across our entire writing and small leather goods collection.
