

BODY PRO™

For Collision and Body Professionals Product Information

The Body Pro™ is the solution to quickly solve time-consuming, impossible-to-diagnose, wind & water leaks that are a drain on profitability for body collision repair technicians.

The special patent pending adaptors, engineered just for collision repair, produce a fluffy, highly dense vapor with long hang time, that makes air disturbance leaks easy to see.

Body Pro™ Quickly Locates:

- Wind noise leaks
- Water Infiltration leaks
- Body panel and door leaks
- Head lamp leaks
- Tail lamp leaks
- Sunroof leaks

Improve Accuracy of Repairs

Eliminate comebacks by verifying that leaks are repaired completely.

Pays for Itself in Less Than 30 Days

With this tool, garage owners expedite repair jobs, improve accuracy, heighten customer satisfaction, and increase profits, making Body Pro™ a valuable tool.

Find More Repair Jobs

Finds leaks to sell the repair to your customer with visual confirmation of leak.

Greatly Reduce Repair Time

Only minutes to set up so that technicians can repair more vehicles in less time.
