**396 (USA) BRETON BED**

Bretton Bed is named after the town in West Yorkshire, England, a county that inspires Matthew Hilton, with it's rugged landscape and history of producing modernist sculptors. The bed features meticulous detailing including a headboard that tapers toward the bed base, mitre joints in the corners of the platform, and a beautiful combination of materials. Designed by Matthew Hilton for his eponymous brand, and manufactured by De La Espada craftsmen.
