## FURNITURE / LIGHTING / ACCESSORIES

# PRODUCT FACT SHEET

**CECILIE MANZ ON THE DESIGN** "The idea behind AIRY was to create a side table that did not scream but still was not afraid to speak. The result is a table series that masters the fine balance between being light and airy, and at the same time having plenty of personality and individuality. Due to this combination AIRY gets a multi-functionality that makes the side tables suitable for every kind of interior."

**PROCESS** The metal frame is welded and soldered very accurately to create the light and skinny silhouette of the frame. The table top is cut and plywood is finally polished.
