

Paw Measurements

Measure across the widest part of the paw when the pet is standing.

tip: gently lift the opposite paw so the paw being measured lays flat on the chart

XS	S	M	ML	L
0"-1.5"	1.5"-2"	2"-2.5"	3"-3.5"	3.5"-4"

IMPORTANT! Please check print out with a ruler to ensure that scale is correct. For best results, set scale to 100% when printing.
