

Green Toys™ Indoor Gardening Kit Planting Instructions

- 1) **Put one soil disk in each pot.**
- 2) **Add one cup of warm water to each pot, and wait 20-30 minutes for soil disk to expand.**
- 3) **Fluff the soil with the trowel, and then pat the surface down flat.**
- 4) **Open the packet of seeds and sprinkle 5-6 seeds onto the soil (leave some space between the seeds).**
- 5) **Carefully push the seeds about one inch into the soil, and cover them with soil.**
- 6) **Continue watering regularly to keep your plants healthy.**
- 7) **When plants get larger, you may want to transfer to an outside garden (ask your parents for help with this).**

NOTE ABOUT SEEDS:

When first opening this product, if you find the seeds are past their expiration date, we will gladly send you new seed packets free of charge. Please do not return this kit to the store of purchase, but contact us at 415-839-9971 x706, or email info@greentoys.com
