TL-24-I-RG

180 degree movement

Illuminated red light

M20 cable entry

Specification

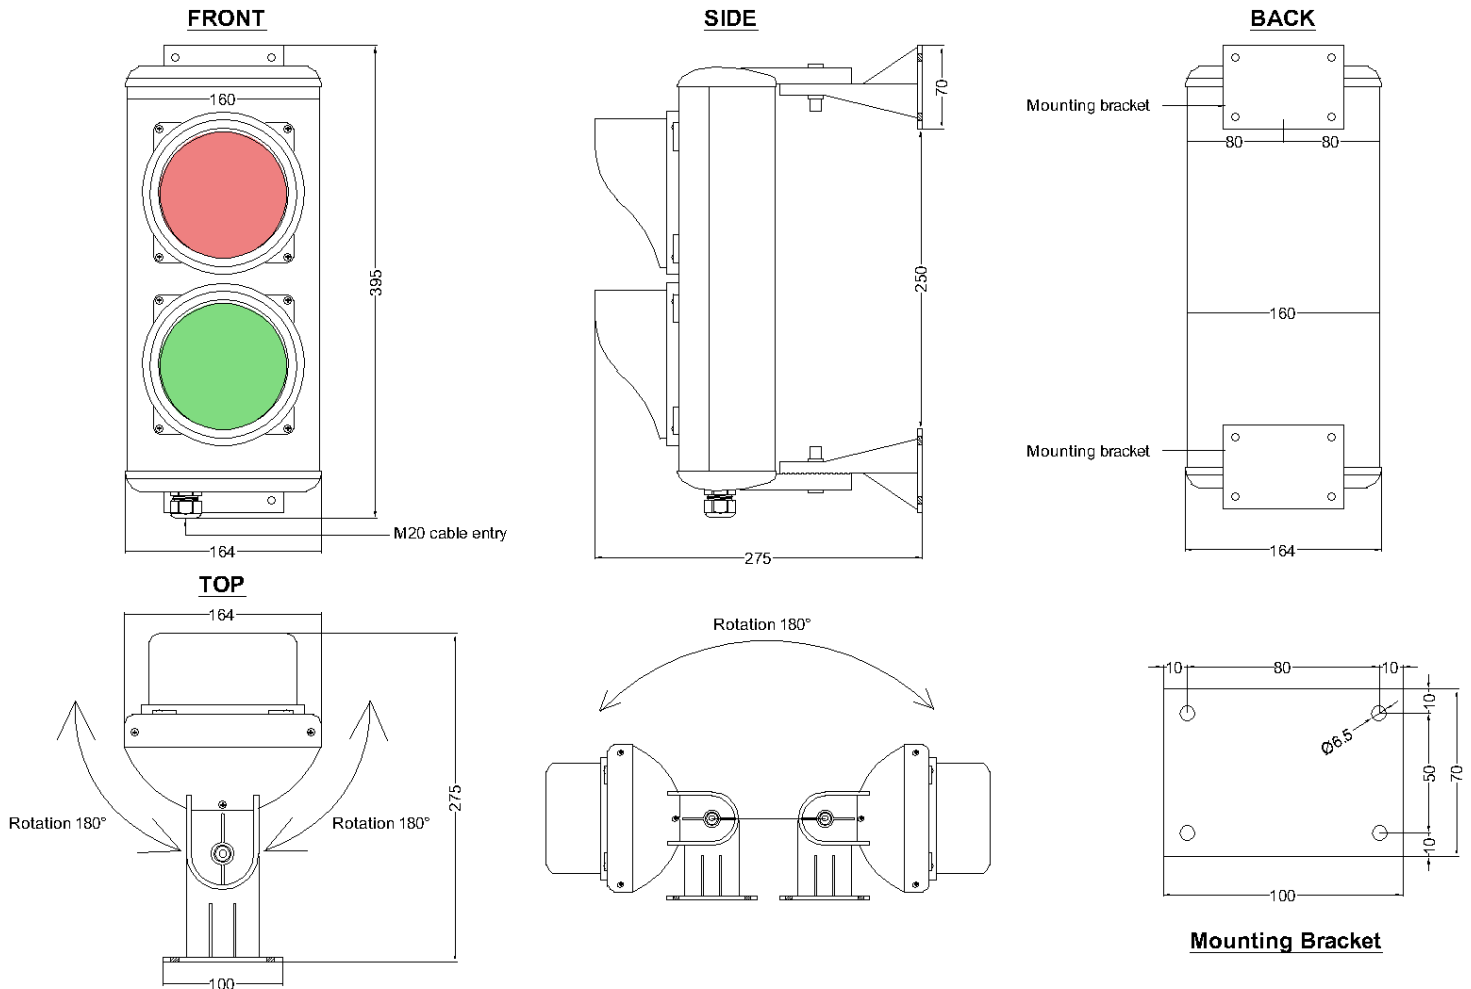

The TL Traffic Light is designed for all access control applications requiring a visual indication for personnel.

The light is comprised of a red and a green 124mm lens housed in a robust industrial enclosure.

The lights are LED for improved reliability and long service life.

A single M20 cable gland enables connection to the control system. Unlike other traffic light units, the TL light can be adjusted through 180° for versatile wall mounting.

Dimensions

Data

MODEL	Weight Kg	Max Power	Typical Life	Lens Diameter	Current amps RED	Current amps GREEN
TL-24-I-RG	1.7Kg	70w	8000 hours	124mm	45mA	17mA
