

Foot Mat Heater

75cm x 50cm - 95W 240V~ 50Hz

The Warmset Foot Mat Heater uses approximately 95 watts of power and takes just a few minutes to heat up.

Plug it into a regular 240V power outlet and switch it on. The foot switch will illuminate when on.

Place it on the floor with the carpet facing up and the black PVC base facing down. The bottom of the foot mat is insulated to protect the floor and ensure the efficient operation of the heater.

Important Usage Instructions:

- Do not cover or bend.
- Use only indoors and on flat floor surfaces.
- Switch off when unattended.
- Do not wash or wet with water.
- Clean with a brush or vacuum cleaner.
- Do not use if there are any signs of physical damage to the power cord, switch or mat.
- Do not use it as a pet heater.

Safety Features & Notes:

The foot mat heater includes an internal automatic over-temperature cut-off switch. If the carpet material becomes worn and a light grey under-fabric appears after extended use, the mat must no longer be used.
