# Herman Series

# Herman Series

The Herman series merges modern aesthetics with functionality. The Herman Chair was originally designed in 2013 by the Danish design duo Herman Studio, and has since 2015 been produced by ferm LIVING.

Since then, a number of products have been born into the Herman family, including a bar chair, stool, lounge chair, as well as laundry and magazine stands. In the series, clean lines and a contemporary aesthetic are met with simple functionality that make for classic pieces that are easy to integrate into any interior space.
