

# I See Fire

## Ed Sheeran

Tuning (G# D G B D)

*Tune the top string up 1/2 step.*

Capo 6

- To make the sound indicated by the “x”, simply tap your right hand on the strings.
- To play chords in groups of 3 notes, pluck with all 3 fingers.
- To play chords in groups of 2 notes (during the **Chorus** and **Bridge** section), “flick” down with your index and middle fingers (a la Clawhammer-style banjo).
- Notes in parentheses indicate a barely audible ghost note.

### Intro / Main Riff

Em                      C    D    Em

Em                      C    D    Em

Verse

Em                      G    D    C

Em                      G    D    \*Am7

Em                      G    D    C

*\*Am7 and C are the same chord shape on the banjo. I noted the difference for other instrumentalists.*

Am7                      Bm7                                      C

**Main Riff**

Em                      C                                      D                                      Em

**2nd Verse**

Em                      G                                      D                                      C

Em                      G                                      D                                      Am7

Em                      G                                      D                                      C

Am7                      Bm7                                      C

Am7                      Bm7                                      C

*\*flick with R.H.*

*\*tap banjo head*

### Chorus

Em C D Em **x3**

Em C D Am7

### Repeat Main Riff x2

### Repeat 2nd Verse

### Chorus

Em C D Em **x3**

Em C D Am7

## Bridge

Am                      Em                                      G                                      D                                      **x3**

1 2 2 | 1 2 2 | 0 2 2 | 0 2 2 | 0 2 2 | 0 0 0 | 0 0 0 | 3 2 0 | 0 0 2 | 0 0 2 | 3 2 0

Am                                      G                                      C                                      D

1 2 2 | 1 2 2 | 2 2 2 | 1 2 2 | 0 2 2 | 0 2 2 | 1 0 2 | 1 0 2 | 0 2 2 | 3 2 0 | 3 2 0 | 2 2 0

**Repeat Chorus x8**

**End on last Em chord**
