Maranta

Maranta leuconeura
Origin: Tropical forests of Brazil

Light Preferences
Thrives in medium to bright indirect light. Not suited for intense, direct sun.

Water Preferences
Water every 1–2 weeks, allowing soil to dry out half way down between waterings. Expect to water more often in brighter light and less often in lower light. This plant can benefit from extra humidity. Marantas can be sensitive to hard tap water. Try using filtered water or leaving water out overnight before using.

Sad Plant Signs
Curling leaves, brown tips: Not enough humidity.

Washed out coloring or brown blotches on leaves: Too much direct sun.

Yellowing leaves, rotting stems: Plant is overwatered.

Pet Parents
This plant is pet friendly!
