Monstera

Monstera deliciosa
Origin: Tropical Americas

Light Preferences
Thrives in bright indirect to medium light levels.

Water Preferences
Water every 1–2 weeks, allowing soil to dry out between waterings. Expect to water more often in brighter light and less often in lower light. Monsteras can benefit from filtered water or leaving water out overnight before using.

Sad Plant Signs
Leaves turning brown and crispy at the edges: Thirsty plant, under watered, or high salt build up.

Wilting plant, dry potting mix: Plant is under watered, or pot-bound.

Yellowing leaves or black stems, wet potting mix: Plant is over watered.
