

# ENZO

## 800 MODERN HALO PENDANT

A meeting point of cutting edge-lighting and timeless silhouettes. A cohesiveness exists in the repetition of forms, through its circular canopy and its general framework. Ultra-slim LEDs line the inside of the Enso, make it both subtle and practical for private or commercial settings.

Available in a wide range of colours, CCTs and possibility for singular mounting or multiple clusters for a dramatic full impact statement piece.

Ceiling mount layouts can be configured as central mount, cables running to central point or off axis, will cables running directly to ceiling.
