

FIKA

4 LIGHT MINIMALIST PENDANT

DIM

IP20

Clean lines, pure colour, no mess, lots of light and open spaces are the key characteristics of a minimal space. This applies for the choice of lighting to best work well with the space. As shown here in a private residence, a simple linear 'Fika' design, in brushed brass with opal glass sets the scene perfectly.

Comes included with multiple rod lengths, that can be connected together, otherwise we can customise the drop to suit your ceiling height.

NAME	MODEL	COLOUR
FIKA BB	ZL-3403-4-BB	Brushed Brass
