ENDLESS 1200 LINEAR MID CENTURY RANGE

What makes this piece special is its distinctive and organic look/feel. On a practical level, it does not offer a tremendous amount of light--it gives beautiful soft light, aimed at ambiance. A stunning and organic fixture, more a lit sculpture of the flowerhead that inspired it.

The petals are actually little caps that snap on over the LEDs and you can rotate them freely, though this has no effect on the light or its directionality. It simply allows you to arrange them if you wish.

Sizes ranging from 1000-4000mm + in length. We can also build custom longer configurations to suite a range of residential or commercial projects. Runs don't have to be just straight, we can also supply angled connectors allowing it to zig zag or sit at right angles.

NAME	MODEL	COLOUR	CCT
